

THE SCIENCE of PROTECTION

ANTI RUST + CORROSION

Protection for metal surfaces against rust and corrosion.

Nanoman Anti-Rust + Corrosion, is a clear, ready-to-use coating that protects metal surfaces against rust, dirt, weathering, corrosion and tea staining. Based on polysilazane technology, Nanoman Anti-Rust + Corrosion forms a long-lasting barrier layer that bonds instinctly with the substrate and cures at room temperature with atmospheric humidity. The surface protected with Nanoman Anti-Rust + Corrosion can be cleaned repeatedly without reapplying the product.

APPLICATIONS

- All metals and alloys including aluminium, stainless steel, copper, brass and tin.
- Outdoor metal furniture and BBQ's.
- Ideal for coastal and marine environments.

FEATURES and BENEFITS

- Exceptional corrosion protection.
- Excellent adhesion to most metal substrates.
- UV stable, chemical and heat resistant.
- Long lasting (5 yrs single application).
- Performs in even the most harshest environmental conditions.
- Keeps assets looking like new for longer.

KEY FACTS

- Available in 125ml, 250ml and 1Lt sizes.
- The average usage rate using the recommended HVLP spray gun is 15ml per m². If applying by paint brush, usage rates will be higher. Usage rates are less using a cloth or pad application.
- Nanoman Anti-Rust + Corrosion is a single coat application. Avoid applying excessive amounts of the coating and do not apply multiple coats.

WHY NANOMAN

Nanotech Products specialises in the development, manufacture and supply of innovative nano based coatings. Through our Nanoman brand, we offer the most comprehensive range of nanotechnology enabled surface coatings currently available in Australia and globally. Nanoman products are all eco-friendly, easy to use and designed to provide maximum protection from liquids, environmental pollution and weathering.

Nanoman coatings provide surface protection for a variety of materials including glass, solar panels, stone, concrete, wood, metal, textiles, tile, stucco, block walls, motor vehicles, boats and equipment. Nanoman products reduce the need for the use of cleaning chemicals which are detrimental to the environment making the use our products a better choice for the planet.
